BRANCH

Subject:— Opinion on the Town Duty

CP 1/E1

C/Town Duty/51

50/57

Legal Department.

It appears that the Town duty Dalals ceased to function as agents of Government from 1st September 1948. In the compromise arrived at thereafter between the Government and the Dalals it was agreed inter alia that in regard to the refunds which they would obtain thereafter (in respect of claims already put in by them and which were pending with the Municipality) they would be paid a commission at the rate of 3% on the actual amounts of refunds obtained from the Municipality. In view of this clause the Dalals are entitled to the commission of 3% on the refunds obtained subsequently in respect of the claims already put in by the Dalals and pending with Municipality on the date on which the compromise was arrived at and it is immaterial whether the actual refunds were received by the Dalal or by Government direct. The view taken by the Director of Civil Supplies (Accounts) at page 35 ante is correct.
